**JOHN TRUST**

John Rabindranath Memorial Trust is a Non-profit service organization that caters to the needs of the uncared people lying by the roadsides, railway stations, bus stands as orphans without having someone to take care of the needs. This institution adopts them and helps them to rehabilitate.

As this charitable trust doesn't own a place, it is not able to adopt the uncared people and take care of them totally. By God's immense grace, this institution is trying to buy a land of about 3 acres (1.2 hectares) to take care of their basic needs. We beseech you to extend your full pledged support to this trust to carry out it's operation.
